Subject: Invitation to attend the Schuman 2.0 workshop – 28th of March 2020

Dear students,

In 1950, the French Foreign Minister Robert Schuman laid the foundations for the then European Coal and Steel Union and thus for today's European Union with his declaration - also known as the Schuman Plan.

On the occasion of the 70th anniversary of the Schuman Declaration, Europa-Union Hamburg is organising a workshop to draft a new edition of the Schuman Declaration: Schuman 2.0.

The 70th anniversary gives us the opportunity to take action ourselves and to work out concrete answers: What are the challenges facing the EU and how can we best meet them together? Your ideas are needed!

Our Schuman 2.0 workshop offers you the opportunity to exchange ideas with others interested in Europe and to jointly draft a new, up-to-date version of the Schuman Declaration.

The program: The event will start with a historical outline of the Schuman Declaration. Then the Schuman 2.0 Declaration will be developed in groups. The workshop will end with a panel discussion open to the general public.

The Schuman 2.0 workshop is part of a Europe-wide project of the European umbrella organisation Union of European Federalists. Besides Hamburg, the following cities are participating in the project as well: Lille (France), Trieste (Italy), Tartu (Estonia), Bilbao (Spain) and Graz (Austria).

You can find more information at: www.schuman20.eu

We are looking forward to your registration at anmeldung@europa-union-hamburg.de until 16th of March 2020.

Please do not hesitate to contact us if you have any questions.

With European greetings,

Info-Point Europa Hamburg
